## How It Works

### Stoney Acres Farm is excited to announce its new Market Share program!

While a traditional CSA SHARE is packed by the farm, based on what is in season, delivered to a dropsite every week for a 20 week season, and typically saves the subscriber between 20% and 25% when compared to the cost of goods at the market; a MARKET SHARE offers the flexibility of getting what you want, when you want from Stoney Acres with a 5%, 10%, or 15% discount, depending on the share size you pay for in advance. You are, in essence, afforded a credit with the farm throughout the season at the Wausau Farmer's Market, Friday and Saturday pizza nights, and by appointment on the farm. You do your shopping for any item on the stand, including meat, and all value added goods (like petso and kimchee). I tabulate your total, calculate your discount, and subtract it from your credit in the book I keep in my cashbox at the market. In order to ensure that Market Share members get the best and freshest meat, produce, and other farm goods, subscribers must spend 1/3 of their investment every 2 months of the 6 month season. (e.g. If you purchase a \$600 summer share you need to spend \$200 in May and June, \$200 on July and August, and \$200 in September and October.) In addition, you are invited to all farm events and will receive a weekly Friday E-mail saying what is on the market stand.

## Share Options

Please check which share you would like to receive.

### WINTER 2018/2019 NOVEMBER - APRIL

FULL SHARE, \$500  
15% DISCOUNT

MID SHARE, \$400  
10% DISCOUNT

SMALL SHARE, \$200
